EX'ARNON RED

"This is a very nice value that seems to be a fair bit of win for the price. Very focused and nicely concentrated for the level, This has fine purity off ruit, intense flavors and a real backbone. This isn't simple and sweet; there's a bit more than you might think. From the graceful start with the Syrah aromatics dominating to the earthy, delicious and some times intence finish, it is nicely done. It's a great food wine."
